

Critical Information Summary: Business NBN

About the Service

The Business NBN service is a broadband internet service which uses the NBN Fibre Network to deliver internet connectivity to the Network Boundary Point at your premises.

With every Business NBN plan we offer a Business NBN Phone service at no additional cost, offering great call rates and call inclusions depending on your Business NBN plan.

The Critical Information Summary for Business NBN Phone can be found at: www.iinet.net.au/about/legal/cis/cis-nbn-phone.pdf

Information is current as of 13/01/2022, is subject to change without notice and all prices quoted include GST

Early Cancellation Fees

- No lock-in contract – none. You can cancel at any time.
- 24 month contract – a break fee applies if you cancel your service during the 24 months contract term. This fee covers the costs reasonably incurred by iiNet when the contract commenced. The minimum applicable break fee is \$300 if you cancel within the first 6 months. The break fees below apply thereafter:
 - 0-6 months tenure: \$300 contract break fee
 - 7-12 months tenure: \$225 contract break fee
 - 13-18 months tenure: \$150 contract break fee
 - 19-24 months tenure: \$100 contract break fee
- Cancelling the Business NBN service will also cancel any other iiNet products that are only available with NBN. Should those products have their own contract, you are liable for their associated break fees.

Withdrawal Fees

- If you withdraw an order that you placed with us you will need to pay a \$60 withdrawal fee.
- If you selected to purchase a modem from us, or if a modem was included with your plan, a hardware fee will be payable by you unless the modem is returned to us in its original condition

Availability

- This service is available in areas serviced by the NBN (FTTP, FTTB, FTTN, FTTC or HFC). Use our coverage checker www.iinet.net.au/business/nbn to check NBN availability at your address.
- Superfast/Ultrafast plans are only available to existing Business NBN FTTP & select existing Business NBN HFC customers in eligible areas that choose to change to one of these plans. Changing plan will rollover any current 24-month contract on your existing NBN service to the new NBN plan.
- Non-standard installations may incur additional fees. An nbn™ \$300 New Development Charge applies if your premises is identified by nbn™ as being within the site boundary of a new development.

Required Equipment

- An NBN compatible modem that is WiFi enabled to connect with wireless devices. For more information, see here: <https://help.iinet.net.au/nbn-hardware-compatibility>
- Superfast/Ultrafast plans require a high-speed compatible modem. See www.iinet.net.au/byo for further details. Your NBN Phone service supplied with NBN HFC will not work if you BYO modem.
- To be provided a working NBN Phone service you need a standard phone handset (approved for use in Australia) and you must purchase and use an iiNet modem. An iiNet modem costs \$89 on a no lock-in contract (discounted to \$0 if you take a 24 month contract) plus \$10 delivery fee.
- Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. Standard installations are completed without charge to you. Non-standard, additional or subsequent installations may require you to pay additional charges.

NBN Speeds

- FTTN, FTTC & FTTB speeds to be confirmed when active. Actual speeds may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by iiNet. Devices connected by WiFi may experience slower speeds than those connected by Ethernet cable. Learn more: <https://help.iinet.net.au/speeds-nbn-network-explained>

Speed Tier	Typical Business Hours Download Speeds*	Upload speeds
Standard Plus (NBN50)	50Mbps	Between 1Mbps & 20Mbps
Premium (NBN100)	91Mbps	Between 1Mbps & 40Mbps
Premium (Superfast)	200Mbps^	Between 1Mbps & 25Mbps
Premium (Ultrafast)	200Mbps^	Between 1Mbps & 50Mbps

- *Typical Business Hours Speeds are subject to change and are measured between 9am-5pm, Monday to Friday. Speeds are not guaranteed and may vary.
- ^Superfast/Ultrafast: As these are new plans, the speeds stated here are currently based on an estimate. iiNet will revise the Typical business hours speeds once it has collected enough data on the speed performance for these plans.
- The maximum possible speed that is available outside the busy period of 9am-5pm, Monday to Friday is; 50Mbps (NBN50) & 100Mbps (NBN100), 250Mbps (Superfast), 500Mbps (Ultrafast on NBN HFC) & 990Mbps (Ultrafast on NBN FTTP).

Excess Usage

- Both uploads and downloads count towards your monthly included data. If you exceed your monthly included data, you are not charged for excess usage. Instead, traffic beyond the included data will be slowed (shaped) to 8/1Mbps for NBN50/ NBN100 Essentials. You may purchase additional data if required, see: <https://help.iinet.net.au/o/all-about-data-packs>
- Plans with Unlimited data are not shaped.

Monitoring Your Usage

Customers can obtain information on their usage via Toolbox here: toolbox.iinet.net.au

NBN Access Technologies

Our NBN service can be delivered over the NBN Network to your premises via Fibre to the Premises (FTTP) as Ethernet, Hybrid Fibre-Coaxial (HFC) as Ethernet, Fibre to the Curb (FTTC) as Ethernet, Fibre to the Basement (FTTB) as VDSL2 or Fibre to the Node (FTTN) as VDSL2. More information on NBN access technologies is available here: www.iinet.net.au/business/nbn

Battery Backup and Power Outages

This service does not include a battery backup. This means you will not be able to access any internet and telephony services provided by NBN during a power outage. This includes making calls to emergency service numbers like 000. Please ensure you have alternate ways of making calls, such as a mobile phone.
